Born 30th of May 2002 • j.ericndivo@gmail.com • +254719575272

INTRO

WORK EXPERIENCE

Software DeveloperKENYA INSTITUTE OF SUPPLIES MANAGEMENT • May 2024 – Present

Internship Program for my degree at KENYA INSTITUTE OF SUPPLIES MANAGEMENT(KISM)

Software DeveloperAppen • Apr 2021 – Feb 2024

Senior Software developer at Appen Kenya for a period of two years.

Freelance Software DeveloperUpwork • Sep 2020 – Apr 2021

Freelance software developer via Upwork to bid freelancing jobs and connect with clients remotely and globally for software development purposes.

EDUCATION

CISCO CERTIFIED NETWORK ASSOCIATECISCO • Nov 2021 – Jun 2022

CCNA gave me a strong foundation in networking. I understand how networks are built, the protocols that make them work, and the basics of security. I can configure Cisco routers and switches, which is a big step towards working with real-world networks

Bachelor of Science in Computer ScienceGretsa University • Sep 2021 – Apr 2024

Efficient in programing with python and backend frameworks like flask and django.

Conversant with Frontend Programming as well using HMTL,CSS,JS & AJAX. I am also experienced in building APIs using django rest framework build purposely for that.
